

# Board of Education Highlights

---

August 27, 2008 - School Service Center

## **The Board took the following action:**

Approved to post policy 7.190, Student Discipline, for public review and comment for 30 days.

## **Discussion Item:**

The Board discussed the charge for the District's finance committee. The committee will initially be comprised of Dr. Drury, members of his cabinet, and Board members, Mr. Bomher and Mrs. Slater. Dr. Drury suggested that the focus of the committee should be to establish a balanced budget by examining both revenue options as well as overall expenditures. He reported that the budget issues facing the District, according to history, have been cyclical, and given the projections of declining enrollment there continues to be a need for a finance committee to explore a variety of options. An initial report from the finance committee will be presented at the December 2008 meeting.

## **Next Meeting:**

September 10, 2008 at the Sandburg Elementary School
