

# NAVIGATING THE FLOW ZONE

---

10. Please stay in your car at all times and pull all the way up to the front of the line.
9. The gates will open at 8:55 a.m. for morning drop-off. If you arrive after 9:10, you will need to drop your child off in the front drive of the school by door #1. The gates will open at 3:30 p.m. for afternoon pick-up.
8. The correct way to enter the school "flow zone" is only from the west to the east on Bridle Lane. Never turn right into the flow zone from Bridle Lane. At pick up times, the car line entering the blacktop area waits along Bridle Lane from the west facing east. If you pull in while traveling west, you will be cutting in front of many who arrived before you.
7. The front drive of the school is for loading and unloading buses only. (Parents of morning kindergarten students may use the front to pick-up students at 11:45 a.m. Never park close to or directly behind the buses waiting to pick up the children. Buses cannot maneuver in tight spaces easily and cannot back up because of the "blind spots".)
6. As cars in front of you move up or out, please move up in line to fill in the open spaces.
5. When you exit the "flow zone", turn right or west onto Bridle Lane - never east.
4. Please do not block or turn around in driveways along Bridle.
3. You are welcome to pick up your child a little later than 3:30 p.m. Staggering the pick-up times is a great way to reduce traffic congestion.
2. If you have any questions about the Flow Zone rules, please do not hesitate to ask.
1. Please familiarize yourself with these expectations. They are designed to create a safe environment for you and your child.

Thank You!
