

NAVIGATING THE FLOW ZONE

1. The gates will open at 8:55 a.m. for morning drop-off. If you arrive after 9:10, you will need to drop your child off in the front drive of the school by door #1. The gates will open at 3:30 p.m. for afternoon pick-up.
2. The correct way to enter the school "flow zone" is only from the west to the east on Bridle Lane. Never turn right into the flow zone from Bridle Lane. At pick up times, the carpool line to enter the blacktop area is waiting along Bridle Lane from the west facing east. If you pull in while traveling west, you will be cutting in front of many who arrived before you.
3. The front drive of the school is for loading and unloading buses only. (**Only** parents of morning kindergarten students may use the front to pick-up students at 11:45 a.m. Never park close to or directly behind the buses waiting to pick up the children. Buses cannot maneuver in tight spaces easily and cannot back up because of the "blind spots".)
4. Please stay in your car at all times and pull all the way up to the front of the line.
5. As cars in front of you move up or out of the flow zone, please move up in line to fill in the open spaces.
6. Please let your child out on the righthand side of your vehicle. It is not safe to have your child walking between cars in the flow zone.
7. Please drop off all of your children at the same time in the flow zone. Dropping off children at different points in the flow zone slows down the process for everyone.
8. When you exit the "flow zone," turn right or west onto Bridle Lane - never east.
9. Please do not block neighbor's drives on Bridle Lane or turn around in their driveways.
