February 1, 2019

Please review your child's 9th Grade Course Selection paperwork. While the process is explained on the pink sheet, I want to highlight the key points:

- Please plan on attending the Freshman Parent Orientation at WWSHS on **February 6, 2019 at 6:00 PM.**
- Course selection will open at the conclusion of the Parent Orientation.
- Course selection **MUST** be completed by **February 17, 2019.**
- Students will be able to select electives by going to the "Course Request" tab in their **StudentVue** account.
- Every student has been assigned 5 academic classes and a Lunch/Access period.
- Changes to those 5 academic course levels can only be made by contacting the high school department chair no later than **February 13th.** Contact information is listed on the paperwork.
- Students are to select 2 electives for each semester unless otherwise noted.
- Information on electives can be found in the Course Catalog on the WWSHS website under the "Parents and Students" tab.
- Students who are receiving special education services should complete the course selection process; however, course selections will be finalized at annual reviews.

I am available for questions and concerns regarding high school course selection at **630-821-7900 Ext. 4556** or via email at rebecca.reeves@cusd200.org.

Sincerely,

Ms. Becca Reeves
Guidance Counselor
