## PROCEDURES FOR MAKING APPOINTMENTS

### Schedule Appointments Virtually

**Appointments for in-person students:** Students will make appointments using their phones or Chromebooks by scanning a QR code linked to our YouCanBookMe scheduling system. QR codes are posted in classrooms and around the building. Once students book an appointment, they will receive an email confirmation through YouCanBookMe. If the appointment overlaps with class time, they will show the email as their 'pass' to leave class. During hybrid learning, we will NOT be using paper passes in the CC.

**Appointments for virtual students or students at home:** Students will make appointments by visiting the Counseling Center, Social Work, or Psychologist website and clicking "Schedule an Appointment" on the left navigation. They will then click the corresponding link to their staff member's YouCanBookMe link.

**Timing of appointments:** We are encouraging students to make appointments during Access/Lunch or Study Hall to limit missing classroom instruction. We hope many students choose to make appointments on Wednesdays or on their at-home days so we can see their smiling faces through Google Meet!
