

Wheaton Sport Center is pleased to partner with the D200 schools to be the supplier for PE uniforms. We recognize the importance for regular physical exercise in order to maintain a healthy lifestyle. By WSC providing this service to the district at no cost, the schools' Parent Teacher Association and Booster Clubs are able to retain the profit (instead of a 3rd party supplier). The money stays right in the school and benefits the students it serves. If you are satisfied with the current fit and quality of your student's current uniform, there is no need to purchase another.
