GENERAL SCHOOL RULES AND INFORMATION

Bicycles

Students are to walk their bikes once they arrive on school property. Loitering at the bicycle racks is prohibited, and can result in loss of riding privileges. Bikes are to be perpendicular to the bike rack to allow space for other bikes. All bikes must be locked. The school does not assume responsibility for stolen or damaged bikes. **It is recommended that students use bike helmets and that riders be no younger than third grade.**

Birthday Celebrations

In accordance with District 200 School Wellness Policy 6.50, only non-edible items can be used for birthday celebrations.

Building Occupancy after School

Parents and students are asked to respect teachers' after school planning time by not visiting classrooms after school is dismissed, except by previous arrangement with the teacher. Parents should consult with the classroom teacher, via email, to determine how a student may retrieve homework assignments, textbooks, or personal items left in the classroom.

Cellular Phones

Students may not use a cellular phone or any other electronic communication device in any manner that disrupts the educational environment. Any student carrying a cellular phone must keep it turned off and out of sight during the regular school day unless authorized and approved by the building principal. (Policy 7.190)

Child Abuse Reporting

When a school staff member has reasonable cause to suspect a student has suffered physical or sexual abuse or neglect, he/she is required to report that suspicion to the Illinois Department of Children and Family Services Hot Line. The "reporter" of the suspect case is protected by law and his/her anonymity and confidentiality is maintained. School personnel are not obligated by law to inform parents when they report suspected child abuse or neglect.

Classroom Interruptions

Classroom interruptions are kept to a minimum to protect the learning environment. It is the student's responsibility to check at the office for forgotten lunches or homework. Students will not be called from class to answer phone calls or to pick up forgotten items. Messages will be delivered in emergency situations. Likewise, messages for teachers will be taken during school hours and the teacher will return

the call at his/her earliest opportunity. Students should not expect to make general use of the office telephone. This rule will be strictly enforced. All after school activity arrangements should be made prior to arrival at school.

Cold Weather Apparel

Even during cold weather, every effort is made to have students spend some recess time outside. It is important that your child be properly dressed with a warm coat, hat, gloves or mittens, and outdoor shoes or boots. Snow pants and boots are necessary for children who want to play in the snow. **Please clearly label each of your child's belongings with his or her name. As a general rule, children will not be outdoors when the wind chill factor is zero degrees or below.**

Dress Code

It is important that children take pride in their appearance. Appropriate school attire reflects pride in self and school and enhances a student's self-image and conduct. Students are expected to dress and be groomed neatly in clothes that are appropriate for school activities. (Policy 7.160) The appropriateness of a student's clothing is determined by the school administration. The following guidelines are in effect:

- Hats, hoods, head coverings, gloves and sunglasses may not be worn in the building. Hats must be stored and not carried throughout the school day.
- Clothing that promotes or advertises drugs, alcohol, tobacco products or other inappropriate products are not permitted.
- Clothing must cover the person from the shoulders to mid-thigh.
- Transparent items camisoles, off the shoulder tops, strapless tops, and nightwear are prohibited.
- Items symbolic of gang membership, including jewelry, are prohibited.
- Tattoos should be covered if they are determined to be inappropriate.
- Shoes are to be worn at all times.
- Costumes - Students may not wear masks or headgear which prevent the clear identity of the student or create a safety concern. Costume paraphernalia, such as theatrical props and imitation weapons, are not allowed. Costumes and/or make-up, which are considered threatening or otherwise inappropriate, are forbidden.

Field Trips

Teachers may schedule a field trip during the year. Some field trips are a part of the curriculum and others

GENERAL SCHOOL RULES AND INFORMATION

supplement class activities. District 200 pays for those that are part of the curriculum. Others may be financed by the PTA or families may be asked to share the cost. Parents may also be called upon to help support field trips. A signed permission slip is required for participation in all field trips.

Free and Reduced Lunch Program

Free and reduced price lunches are available to students whose family size and income meet State guidelines. Application forms are available in the school office and online at the District webpage.

Holiday Celebrations

Holiday Celebrations are held in each grade under the direction of parents and teachers. Parents may be asked from time to time to contribute time, food or money to support these parties. Options beyond food items are encouraged for holiday celebrations. Any food or beverage used for this purpose shall follow the intent of the Wellness Policy (Policy 6.50).

Internet Use

District 200 offers Internet access to students whose parents have signed the Internet Consent and Waiver Form distributed with registration materials. By signing the form, students agree to use the Internet to facilitate resource sharing, innovation, and communication following the guidelines outlined in administrative regulation 6.235. The signed form is effective throughout the student's elementary school years.

Invitations to Out-of-School Parties

Invitations for birthday and other parties may not be distributed at school. Please mail or deliver them directly to each guest's home. This prevents hurting the feelings of the children who are not invited.

Lost and Found

Those items of clothing marked with a child's name are easily returned to their owner. Other items can be reclaimed at the Lost and Found. Eyeglasses, keys, jewelry, money, or other valuables are kept in the office and can be reclaimed there following appropriate identification. For health, safety, and storage reasons unclaimed items from the Lost and Found are periodically donated to charity. Therefore, please check with your child **frequently** about any lost or misplaced items.

Radios, Toys, Games and Sports Equipment

No radios, toys, electronic games, lasers, or sports equipment may be brought to school without clearly

stated permission from the principal or the child's teacher, usually for purposes of classroom sharing. The school bears no responsibility if any of these items are lost or stolen on school property. At no time is it appropriate to bring to school a toy with a violent theme, including paint guns. Any such toy found in the possession of a student on school property will be confiscated. Where appropriate, students will be disciplined accordingly. (Policy 7.190)

Skates and Scooters

No roller skates, rollerblades, skateboards, scooters, or Heelys roller shoes should be brought to school or used on the school grounds. If found in a student's possession, the items will be kept in the school office until a parent picks it up.

Smoke Free Environment

School buildings and grounds are entirely smoke and vape free. No smoking is allowed at any time.

Textbook Program

Text books are the property of District 200 and will be collected at the end of a course for use by other students. Students must pay for lost or damaged books.

Visitor Policy

Parents are welcome and encouraged to visit school. To make these visits most meaningful, you are asked to plan your visit at a time that is mutually convenient to you and the teacher. When you arrive at school, please go directly to the school office to sign-in and receive a visitor's badge. Children who are not regularly enrolled in school are not permitted to visit or join classes during school hours except by the principal's special permission.

To minimize interruptions in the instructional day, it is requested that a prior contact be made with the classroom teacher when a visitation is desired. This is a courtesy to the class and will help the visitor better fulfill the purpose of their visit. Visitations are discouraged during the first and last three weeks of school and during testing sessions.

It is suggested that classroom visits be limited to 35-40 minutes and that pre-school siblings not accompany visitors. A visitation does not infer a conference. Should a conference be desired, an appointment should be made for a different time. While a visitor is in a classroom, the teacher's first priority is the children in that class.

SCHOOL ATTENDANCE AND ABSENCES

Regular school attendance is essential if students are to benefit from the educational opportunities the school offers. Regular attendance helps develop dependability and responsibility and contributes to academic achievement. Parents, guardians and those with legal custody or control of a student are responsible for that child's regular attendance at school.

Students are considered a chronic truant if they are absent without valid cause 5 percent or more of the previous 180 regular attendance days. Valid causes for absence include illness, observance of a religious holiday, death in the immediate family, family emergency, and situations beyond the student's control. Parents whose students are excessively absent from school, whether excused or unexcused, may be required to present a statement from a physician verifying reasons for the extended or multiple absences. Failure to provide such verification will result in the absences being designated as unexcused and subject possible truancy referral. *If the number of absences is excessive, a referral will be made to the DuPage County Truancy Office (Project VISA). (Policy 7.70)*

Vacations and business trips during the school year are discouraged. Even the most conscientious efforts of students and teachers are no substitute for daily attendance. If, however, the family believes that taking their student out of school is necessary, the principal must be notified in writing five days prior to the absence. Procedures for completing missed work will be established at that time. A student who is absent from school may not participate in after school or evening events, activities, or programs.

Reporting Absences

Please call the school attendance line before school on each day that your child is absent. If the school has not heard from you and your child is absent, you will receive a call to verify the absence. The Illinois School Code requires attendance to be reported as follows:

- All day, alf-day kindergarten and preschool students who are absent from class more than 30 minutes are reported absent for the entire day.
- First grade students who are absent for 76 to 195 minutes will be considered absent for ½ day. If they are absent more than 195 minutes, they will be counted absent for the entire day.
- Second through fifth grade students who are absent for 16 to 165 minutes will be considered absent for ½ day. If they are absent more than 165 minutes, they will be counted absent for the entire day.

Tardiness

Students are expected to be in their classroom and ready to begin instruction when the second bell rings. Punctuality is an important part of a child's development. Parents will be notified if their student has excessive tardies. If you know your child will be late to school, please call the absence line or send a note with your child on the day preceding late arrival.

Student Check-In/ Sign-Out

A student who arrives at school late must obtain a pass from the school office before going to the classroom. If it is necessary to take your child out of school early for any reason, a parent or designee needs to inform the school and actually come to the office to sign the child out. This is crucial to insure the safety and security of your child.

COMMUNICATIONS WITH FAMILIES

DISTRICT COMMUNICATIONS

Automated Voice Messaging allows the District communicate with all parents quickly and effectively. You can expect to receive information regarding school closings, changes in scheduled activities, emergency situations, and more. These messages may also be sent by email/text if parents provide their email address during the registration process.

Email provides interested parents easy access to District and school newsletters and other information. Please remember to include your correct email address in ParentVUE so that you can receive timely District communications. Families with recorded email addresses will receive the District-wide Friday Focus on Learning on a weekly basis.

Friday Focus on Learning is a weekly email to parents, staff and other members of the community regarding school, student and teacher achievements and activities; important dates; new e-school bag updates and more.

Focus on Learning is the District newsletter mailed to parents on a quarterly basis. This publication contains information of interest to parents and the community, such as District 200 news and initiatives, student and staff accomplishments.

District Website (www.cusd200.org) provides general and current information about the District. You can access individual school websites from the main District page.

ParentVUE is a communication tool used to monitor your child's education. You are able to view the latest information about your child's student information file, emergency contacts, student permissions, attendance, and more. Parents are able to view each one of their student's information from one central portal.

Social Media is another great way to stay connected with us. Find us on Facebook at Community Unit School District 200 or follow us on Twitter @CUSD200.

SCHOOL COMMUNICATIONS

Newsletters from the principal, teacher, and PTA are published on a regular basis to provide timely information about the school program and classroom activities.

Parent/Teacher Conferences are held prior to the end of the first trimester for teachers to share information with parents about their child's progress in school. The conference is the single most important means of reporting to parents and guardians. Additional conferences may be held at the request of the parent or teacher anytime during the year.

PTA Groups are established in each school to provide valuable support and service to students, parents, and staff. Each PTA sets up fund-raising events to support school programs. Parents are encouraged to become active PTA members.

Curriculum Nights are scheduled each fall for parents to visit their child's school and meet with teachers. Curriculum, grading practices, homework policies, and general expectations are explained by each teacher. This is not a time for individual parent/teacher conferences.

Report Cards are issued three times a year after each trimester.

School Improvement Plans (SIP) are developed in each school every year. Each plan outlines goals and methods for improving student achievement. SIP's are available for review in each school's office.

School Website (www.cusd200.org/school) provides current information about your school. Each teacher in the District has the ability to create a teacher webpage that is housed on their school's website.

BUS SERVICE

Free bus service is provided to all students who live 1.5 miles or more from the school they are assigned to attend. If the walking route of a student who lives less than 1.5 miles from school is considered hazardous, free busing may also be offered. Busing may also be an option for some students on a space available basis. A fee is charged for students who take advantage of this option. District 200 contracts for bus service with Illinois Central. All questions related to bus service should, however, be directed to the school principal or to the District 200 Business Office at 682-2005.

Only students eligible for bus service may ride the bus. Students who are assigned to ride the bus must do so unless written parent permission is given to the principal or teacher. Students are not allowed to ride a bus for social reasons.

Behavior at Bus Stops

District 200 expects that students will conduct themselves appropriately while at the bus stop. **The school seeks parent support in implementing the following rules to help ensure the safety of all students at the bus stop.**

Students should arrive at the bus stop no more than five minutes before the bus is scheduled to depart. A ten-minute lead time may be needed during the first two weeks.

- Students should respect their neighbors' property. This is done by waiting on the sidewalk or parkway. Climbing on trees or running through bushes is not permitted.
- Students should be instructed not to play catch or throw snowballs or other objects while waiting for the bus.
- Books or bags don't hold places. Students should stand in line patiently and board without pushing or shoving.
- Children should **never** step into the street or attempt to retrieve an object that falls under a bus. Alerting the bus driver to what is missing and where it fell is the appropriate course of action.
- Students should respect each other. The bus stop is not a place for rough play, bad language, or name calling.

Consequences of Misconduct on the Bus or at the Bus Stop

Students who disobey the rules of conduct for behavior at the bus stop or bus ridership are subject to disciplinary action, which may include suspension from the bus or from school (Policies 6.300 and 7.190).

Other consequences of misbehavior may include a conference between the student and his/her principal or teacher; a conference between the principal, student and parent; payment for damages intentionally caused; and any other disciplinary action that the principal deems appropriate and in conformance with District policy.

Student Conduct on the Bus

The District and the bus company work cooperatively to help ensure that students are safe when riding the bus. The same general rules of conduct enforced at school are also in effect while students are on the bus. Students and parents should be familiar with the following rules:

- The bus driver is in charge and has the same authority as the teacher while children are on the bus.
- Students must remain seated while on the bus.
- Normal conversation is permitted, but students must refrain from loud talking or yelling and profanity is not allowed.
- Students must keep their hands and personal items inside the bus. Windows must be no lower than the line marking their opening.
- No items may be thrown out the window, nor should any student yell out the window.
- Food and beverages are not allowed on the bus.
- Students may not threaten or inflict injury on the bus driver or other students.
- Students may not inflict damage to any part of the bus.

STUDENT SAFETY AND SECURITY

Emergency Contact Information

It is important that **three (3)** emergency contacts are provided to the school in case the parent cannot be reached if the student becomes ill or there is a school emergency. Names and phone numbers of these three contacts should be identified in the order they are to be called and confirmed on the Student Verification Form included with registration materials. It is the parent's responsibility to be certain the school has current information on the emergency contacts.

School Security

The safety and security of children is a primary concern of the District 200 staff. To make the schools as safe and secure as they can be, each school designs certain measures to provide for building security. All schools, however, will keep all exterior doors locked during regular school hours. Visitors to the school should enter the school through the main door and go directly to the school office where they may sign-in and receive a visitor's badge, that should be returned to the school office at the end of the visit. While in the school, please do not feel offended if a staff member asks who you are or why you are in school. They are looking out for the safety of all students.

Safety Drills

Each school has developed an emergency plan to help ensure the safety of children in the event of a fire or other disaster, such as a tornado or a building intruder. This plan is rehearsed by the staff and children at various times during the year and may include 'lock-down' drills and building evacuations. Each school has designated an emergency evacuation site where students will be moved until the school can be safely occupied. Students will not be released from school at the normal dismissal time if a tornado warning (not a watch) is in effect. Students will remain at the school

under this condition until such time they may safely be dismissed.

Communication about Safety

The District does not have the resources to communicate with parents about every rumor, threat, or disciplinary action that is taken in our schools. Be assured, however, that the school will always take all appropriate steps to keep students safe, and parents will always be informed when a threat turns out to be legitimate or other situations present a danger to students.

Safety Inspections

Each District 200 school is inspected every year by the Regional Office of Education to ensure that the building meets State requirements and is safe for student occupancy. This annual inspection is required by the Illinois School Code. The inspection results in certification that the school is operating efficiently and that progress is being made to correct any previously recommended corrections.

Safe Walking Route

Each school has developed a walking plan for students, which illustrates routes children may take when walking to school. The final responsibility for selecting the specific route a child takes resides with the parent because they know about the changing features of the neighborhood that may affect their child's safety. School designed walking routes will be available at the August registration.

Walking Pets to School

Due to the health and safety risks of having dogs on the school grounds, please do not bring your pet(s) along when you walk your child to school. Many children are frightened by dogs, even when they are leashed.

STUDENT HEALTH SERVICES

It is the philosophy of District 200 to work cooperatively with parents and staff to provide a healthy and safe environment for learning.

Please contact the school nurse about any health concern you believe may affect your child at school. This information will be confidentially shared with the appropriate classroom teachers as necessary throughout the school year. This may include asthma, food allergies, bee sting allergies, anxiety, etc. Should your student take daily medication at home, please notify the health office so any side effects that occur can be recognized more easily and proper steps taken towards treatment.

Physical Examination Requirements

The Illinois school code requires that students entering school for the first time (**early childhood, kindergarten, or first grades**), students entering **kindergarten, sixth and ninth grades, and transfer students** must submit evidence of a physical examination and a complete record of immunizations.

- The completed physical examination and record of immunization form is expected at the school health office upon enrollment/ registration and required by the first day of student attendance.
- Appointment dates for obtaining a physical exam do not meet the school requirement.
- Physical examinations must be done by a licensed physician, advanced practice nurse or examining physician assistant.
- Physical examinations must be dated within twelve months **prior** to the first day of school.
- Only the State of Illinois Department of Human Services Certificate of Child Health Examination form will be accepted.
- For safety considerations, students may not be allowed to participate in physical education classes until the required physical form is on file in the school office.
- Medical objections to any physical examination or immunization must be submitted in writing by a physician and must contain required information.
- Religious objections to any physical examination or immunization must be submitted by a parent/guardian on the Illinois Certificate of Religious Exemption form. The form can be found at:
http://www.dph.illinois.gov/sites/default/files/form_s/religious-exemption-form-081815-040816.pdf

STUDENTS WHO DO NOT MEET THESE REQUIREMENTS WILL BE EXCLUDED AND WILL NOT BE PERMITTED TO ATTEND SCHOOL PER DISTRICT POLICY.

Immunization Requirements

Immunization records must show proof of immunization against diphtheria, tetanus, whooping cough, measles, mumps, rubella, polio and chicken pox.

- **Early childhood students** are also required to have the hemophilic influenza and pneumococcal vaccine.
- **Early childhood and sixth grade through high school** students are also required to have the hepatitis B vaccine.
- **Sixth grade thru twelfth grade** are required to have the Tdap vaccine.
- **Sixth grade and twelfth grade** are required to have the meningococcal vaccine.

Dental Examination Requirements

Students in **kindergarten, second and sixth** grades must submit evidence of a dental examination by May 15th of that school year. Dental exams must be completed within 18 months prior to May 15th.

Vision Examination Requirements

Students entering Illinois schools for the 1st time (**kindergarten or transfer**) must submit evidence of a vision exam. All required health forms are available at the school office or www.cusd200.org. The school nurse may be able to provide resources for obtaining health requirements.

Medication at School

Parent(s)/guardian(s) are responsible for administering medication to their children. Administering medication during school hours or during school related activities is discouraged unless it is necessary for the educational benefit and/or critical health and well-being of the student. Acknowledging that occasionally a necessary medication must be administered during the school day, the District shall administer the medication. If a

STUDENT HEALTH SERVICES

nurse is unavailable to administer the medication, a building administrator or a designee who volunteers to administer the medication will either: a) supervise the self-administration of the medication; or b) administer the medication to the student.

Parents/guardians are encouraged to be present and to administer required medications (e.g., insulin, inhalers, epinephrine, etc.) to their child during school sponsored field trips and extracurricular activities (e.g., athletic events, musical concerts, performances, etc.) when their child has not yet been approved to independently self-administer their medication. In the event that a parent/guardian will not be present to administer their child's required medication during a school sponsored field trip or extracurricular activity, the parent/guardian must notify the Principal at least five (5) days prior to the scheduled event so that District 200 may appoint another party to serve the child in this capacity. Doctors, parents and school staff will discuss when a student is able to independently administer medication and no longer needs the assistance of a parent or school staff member designated to assist in care of medical needs (i.e., delegated care aide).

Students in possession of prescription or nonprescription medications in violation of these procedures may be subject to disciplinary action.

When to Keep Your Child Home

Keep the student home if:

- A skin rash from an unidentified cause that has not been evaluated by a physician. Please note that open sores should be covered until healed or evaluated by a physician.
- The oral temperature is 100° F or greater. A student with such a fever should remain home for 24 hours after the temperature returns to normal without the aid of fever-reducing medication.
- He/she is experiencing nausea, diarrhea and/or vomiting. Students should remain home until symptom free for 24 hours without the use of medication.
- He/she complains of severe, persistent pain.
- He/she is showing signs of an upper respiratory infection (cold symptoms) or any other illness serious enough to interfere with the student's ability to learn.
- There are signs of conjunctivitis ("pink eye") with symptoms such as secretions from one or both eyes, itching, and crusts on eyelids.

You must notify your student's school if your child is home sick and report any diagnosed communicable diseases. When reporting an absence please indicate the reason for the absence and, if it is due to illness, please report symptoms including if your child has a fever, cough or sore throat.

If you are not sure whether to send your child to school, you may call the school nurse for consultation. If you're still in doubt, call or visit your physician.

Re-Admission After Contagious Illness

Re-admission following illness from contagious diseases may require a back-to-school permit signed by a physician. Guidelines established by the Illinois Department of Public Health are used to manage communicable diseases in school. Please have medical documentation of any school accommodations that are requested.

Head Lice

Parents are encouraged to check their child regularly for head lice. If a case is discovered, it should be reported to the school nurse, who will advise parents of the most appropriate treatments. Arrangements will be made to check siblings and close contacts for lice infestation.

Student Accidents and Illness

In case of an accident or illness of a student at school this procedure will be followed:

1. First aid is administered;
2. If serious, parents are contacted. Please note that a school nurse may not be present to make an assessment. Therefore, the school office staff will exercise its best judgment in determining when to contact parents;
3. If the parents cannot be reached, the emergency contact provided by the parents will be called. Please be certain that we have at least three emergency numbers to call in case we cannot reach you. Please keep these numbers up to date. Persons listed on the emergency list will be considered to have your approval for temporary care. Students leaving school during the day for health reasons or other reasons, must have a parent or authorized guardian sign them out through the school health office;
4. If the parents or emergency contacts cannot be reached, the nearest hospital, paramedics, or local health care provider may be contacted.

STUDENT HEALTH SERVICES

A student may be excused from Physical Education for up to three (3) days if the request is made in writing by a parent. If the student must be excused for more than three (3) days, a note must come from the doctor stating the diagnosis, duration, and extent of the physical limitation. The excuse should be directed to the school nurse who will distribute it to appropriate teachers. Students missing Physical Education due to illness/injury may be required to stay in from recess/extra-curricular activities to maintain safety.

Please contact the school nurse about any health concern you believe may affect your child at school. This information will be confidentially shared with the appropriate classroom teachers each semester and as necessary throughout the school year.

SPECIAL PROGRAMS AND SERVICES

All-Day Kindergarten Program

District 200 offers a tuition based All-Day Kindergarten Program (ADK) along with the traditional Half-Day Kindergarten Program. The tuition cost for the All-Day Kindergarten Program is \$4,000. All students are required to pay the full amount unless the applicant qualifies through the District Fee Waiver Process which could entitle the student to attend at a pro-rated fee. The District 200 Business Office will develop a fee payment plan for families who want to pay the tuition throughout the school year.

Students in both half-day and full-day programs will receive the District 200 Core Kindergarten Curriculum. However, students in the All-Day Kindergarten Program will have extended learning experiences that allow for more in-depth exploration of the core curriculum.

The All-Day Kindergarten Program follows the District 200 attendance calendar and traditional elementary school hours.

Since space is limited, students are registered for All-Day Kindergarten program on a first come, first served basis. Contact your child's elementary school for more information.

Art and Vocal Music Instruction

Certified art and music teachers deliver weekly instruction to all elementary students.

Assistive Technology

Assistive Technology (AT) has a different purpose. It is used "to meet the needs of and address the barriers confronted by individuals with disabilities." (Rehab Act, Sec. 7(30)) In education, its purpose is to give students with disabilities access to learning experiences and the curriculum. The Individuals with Disabilities Education Improvement Act (IDEA 2004) requires Individual Education Plan (IEP) teams to consider whether a student with a disability needs assistive technology as part of the development, review and revision of an IEP.

Behavioral Support Services

Behavioral services work to establish the behavioral supports necessary for all students in a school to achieve social, emotional, and academic success. This work is accomplished through staff training and implementing effective interventions for those students with comprehensive behavioral and/or emotional needs.

English Language Learners

Services are available to assist Limited English Proficient (LEP) students acquiring English language skills and understanding the American school process.

Erin's Law

All students in grades pre-K through 12 are offered an age appropriate curriculum addressing both sexual harassment and sexual abuse.

Gifted Education Program - PACE

Gifted Math and Gifted Reading are offered in grades three, four, and five. The goals of the program are to meet the unique needs of intellectually gifted students.

The process used for identifying students eligible for the gifted math and gifted reading programs includes recommendations for testing by classroom teachers, EL Specialists, parents, or other school personnel. Forms for these recommendations and additional information about the Gifted Education Program are available online.

Homeless Students

Students are considered homeless when they lack a fixed, regular and adequate nighttime place of abode or have a primary nighttime place of abode that is: (a) a supervised publicly or privately operated shelter designated to provide temporary living accommodations (including welfare hotels, congregate shelters, and transitional housing); (b) an institution that provides a temporary residence for individuals intended to be institutionalized; or (c) a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.

A parent/guardian of a homeless student may enroll that student in either the "school of origin" or in the school for the attendance area in which the student temporarily resides. "School of Origin" is the school that the student attended when permanently housed or the school in which the student was last enrolled. Homeless students shall be enrolled immediately, even if they are unable to provide records normally required for enrollment. Upon enrollment, homeless students shall be referred to assigned counselor for additional information.

Enrollment

No student will be denied enrollment because of any failure to present his/her permanent or temporary record from a school previously attended.

SPECIAL PROGRAMS AND SERVICES

Instrumental Music Instruction

Starting in fifth grade, District 200 offers beginning musical instrument instruction in band and orchestra.

Students may take lessons on only one instrument during the school day. Returning students must pay the \$80 annual music fee on or before September 1 in order to enter the program. Students new to District 200 must pay the fee by September 15.

Occupational and Physical Therapists

Physical and occupational therapy are two of the related services of Special Education mandated by the Individuals with Disabilities Act (IDEA). There are several ways a student can receive physical and occupational services in an educational setting. To receive services, students must have an IEP (individualized educational plan). School based therapy services strive to facilitate the students' potential for functional independence and participation in educational activities. This differs from the medical

model of therapy services, which focuses on medical needs.

Psychology and Social Work Programs

The school psychologist and social worker provide consultation and support to children and to classroom teachers who have children experiencing social, developmental, and academic problems.

Reading Support Teachers

A certified reading teacher is assigned to each school to assist both students and teachers in diagnosing and treating student reading problems.

Resource Program

Children with less severe learning disabilities may see the resource teacher for part of the school day to learn strategies to be successful in the regular classroom setting.

School Nurses

Certified school nurses maintain a regular weekly schedule of school visitation, but are available by phone at all times. Other school personnel may administer first aid and medication when the nurse is not present.

Special Services Team & Program

A team of specialists is available in each school to identify and help students who have special learning needs. A full spectrum of special education programs and services is available to any student who is identified as having special needs.

Speech and Language Pathology Services

The speech pathologist evaluates and treats students who have communication delays. They include stuttering, difficulty with forming sounds, voice disorders, and language disorders.

OPERATIONAL PROCEDURES

Equal Educational Opportunities

Equal educational opportunities shall be available to all students without regard to race, color, national origin, ancestry, sex sexual orientation, ethnicity, language barrier, religious beliefs, physical or mental disability, economic or social conditions, or actual or potential marital or parental status.

Sex Equity

No student shall, on the basis of his/her sex, be denied equal access to educational or extracurricular programs, activities, services or benefits, or be limited in the exercise of any right, privilege or advantage.

Emergency School Closings

The decision to close school because of snow, extreme cold, or other emergency will be made as close to 6 a.m. as possible.

You will receive an automated phone call from the Superintendent or your child's principal announcing the closing. Every effort will be made to send the announcement the evening before the closing, but weather conditions may require a later decision and the call may reach your home around 6 a.m.

Families may also check school and District answering machines and the District Web Page (www.cusd200.org) for closing information. Local radio and TV stations will also be informed and announcements should be made over the following radio and television stations:

WGN Radio 720 AM
WBBM News Radio 780 AM; 105.9 FM
CBS Channel 2
NBC Channel 5
ABC Channel 7
WGN Channel 9
Fox Channel 32
CLTV News

Closing information is also available by phone:

1-847-238-1234

Online: www.EmergencyClosings.com or
www.cusd200.org

E-mail: Sign up for personalized e-mail notification at
www.EmergencyClosings.com

Radio and TV stations are likely to report closings as Community Unit School District 200 or CUSD 200 and not list individual schools. Please listen to these announcements carefully as there are several District 200 school systems in the metropolitan area. If it is necessary to close school once classes begin, students will be dismissed based on information parents provide registration. While the school will make every attempt to reach parents, it is not always possible. In those cases, the emergency information provided by parents at registration will be used. **Please be certain that the school office has current names and phone numbers of your family's emergency contacts.** It is suggested that you discuss these emergency arrangements with your child.

Parent Involvement

All parents are encouraged to become involved in their child's schooling. While each school will offer specific suggestions and opportunities for parents to do that, following are some general guidelines parents can follow to support their child's learning:

- Ensure regular school attendance.
- Monitor homework.
- Volunteer in classrooms.
- Attend parent-teacher conferences and school functions.
- Keep informed through school and teacher newsletters and websites.
- Serve on committees and attend meetings designed to review and improve school programs.

Requests for Class Placement

Many professional hours of planning and preparation are spent in the spring to ensure the most appropriate class placement for each child. To change even one student can upset the balance that was very carefully created by teachers and principals. Therefore, requests for a child's placement with a specific teacher are not invited. Principals, however, are available to discuss a student's individual learning styles and needs.

Grading and Promotion

Every teacher shall maintain an evaluation record for each student in the teacher's classroom.

The final grade assigned by the teacher cannot be changed by a District administrator without notifying the teacher. Reasons for changing a student's final grade include:

OPERATIONAL PROCEDURES

- a miscalculation of test scores;
- a technical error in assigning a particular grade or score;
- the teacher agrees that the student may do an extra work assignment and its evaluation impacts the grade;
- an inappropriate grading system used to determine the grade; or
- an inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

It is the policy of the Board of Education not to promote students to the next higher grade level based upon age or any other social reasons not related to the academic performance of the students. The decision to promote or retain students in any class shall be based on successful completion of the curriculum, attendance, performance based on the Illinois Standards and Assessment Tests and the District's national standardized achievement test, and principal and teacher observation, assessment and recommendation. The Administration will determine the weight to be given these criteria.

Uniform Grievance Procedure

Students or their parent(s)/guardian(s), employees, or community members should notify the District's designated Complaint Managers (the Assistant Superintendent for Administrative Services and the Director of Human Resources) if they believe that the Board of Education, its employees, or agents have violated their rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy or have a complaint regarding any one of the following:

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this procedure may forego any informal suggestions and/or attempts to resolve it and may proceed directly to the grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this procedure may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, *school business days* means days on which the District's main office is open.

OPERATIONAL PROCEDURES

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail himself or herself of this grievance procedure may do so by filing a complaint with a designated Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same sex. The Complaint Manager may request the Complainant to complete a Grievance Form regarding the nature of the complaint or require a meeting with the parent(s)/guardian(s) of a student. The Complaint Manager may assist the Complainant as needed.

For any complaint alleging bullying and/or cyberbullying of students, the Complaint Manager shall process and review the complaint according to Board policy 7:20, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy. For any complaint alleging sexual harassment or other violation of Board policy 5:20, *Workplace Harassment Prohibited*, the Complaint Manager shall process and review the complaint according to that policy, in addition to any response required by this policy 2:260, *Uniform Grievance Procedure*.

Investigation

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint Manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except (1) as required by law or this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this

procedure about the status of the investigation. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the Board of Education which will make a decision in accordance with the following section of this policy. The Superintendent will keep the Board informed of all complaints.

Decision and Appeal

Within five school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant and the accused by first class U.S. mail as well as to the Complaint Manager. All decisions shall be based upon the *preponderance of evidence* standard.

Within 10 school business days after receiving the Superintendent's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall be responsible for promptly forwarding all materials relative to the complaint and appeal to the Board of Education. Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within 5 school business days of the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action.

This grievance procedure shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

This uniform grievance procedure does not apply to grievances which may be brought under the procedures set forth by the collective bargaining agreement.

Appointing Nondiscrimination Coordinator and Complaint Managers

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The

OPERATIONAL PROCEDURES

Nondiscrimination Coordinator also serves as the District's Title IX Coordinator. The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint 2 Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers. The Superintendent shall insert into this policy and keep current the names, addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers.

General Requirements

Internet access in District 200 schools and buildings provides an opportunity to inform and educate students, staff, parents, and members of the community. It also offers the potential to establish systems of two-way communication to enhance instructional opportunities for students, to strengthen home/school communications, and to provide instructional resources for District 200 staff.

All material published on the District Web site must have educational value and/or support the Districts guidelines, goals, and policies. Material appropriate for Web publishing included information about the District and its Board Members, agendas, policies, appropriate administrative procedures, Department activities or services, schools, teachers or classes, student projects, and student extracurricular organizations. Personal information, not related to education, will not be allowed on the District Web site.

Process of Review

Individual school or classroom web sites are encouraged to enhance instruction and promote communication, but must meet and follow the standards and guidelines outlined in this administrative regulation. The staff members responsible for Web publishing are identified in the procedures in the section "Different Levels of Web Publication."

RELEASE OF STUDENT INFORMATION

Directory Information

The school may release student directory information unless a student's parent/guardian requests in writing that such information **not** be released. The following information about a student is considered directory information: name, address, gender, grade level, birth date and place, parents/guardian name and address, parent email and telephone number, academic awards or honors, school activities, field of study, and period of school attendance.

While the school limits access to school buildings by outside photographers, it has no control over news media or other entities that may publish a picture of a named or unnamed student. Parents should be aware that the District has many precautions in place governing the release and publication of student information, student pictures, and student work. However, as technology changes and the Internet is more widely used, individuals may gain access to pictures and other information in ways that the District cannot control.

Privacy Act

The Children's Privacy Protection and Parental Empowerment Act, effective January 2004, prohibits the sale or purchase of personal information about children without specific parent consent.

Publishing Student Work

Occasionally a teacher or school will want to publish student work on the school or District web site. Student work will only be published if the parent is contacted and consents or has given permission by signing form #6001 distributed with the registration materials.

Using a Picture or Video of a Student

Students may occasionally appear in photographs or videotapes taken by school staff members, other students, or other individuals authorized by the building principal. The school may use these pictures, without identifying the student, in various publications, including the school yearbook, school newspaper, school and District websites, and school and District newsletters. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Many times, however, the school will want to identify a student in a school picture in order to acknowledge those who participate in a school activity or deserve special recognition. Parents who do not want their child identified in a videotape or picture used in publications or on web pages must indicate that on a form provided with the registration materials. Additional forms are available in the school office.

District 200 Elementary School

DISCIPLINE POLICIES AND PROCEDURES

The District 200 schools employ a variety of disciplinary measures to maintain a safe educational atmosphere. Students who display undesirable behavior are disciplined to help correct such behavior and to help them develop self-discipline. When a student is involved in a disciplinary action, the student will be afforded individual attention in a constructive manner. Discipline procedures will follow due process of law, including providing for appeals to other school authorities. For additional support, parents are informed of disciplinary action to enable the home and the school to work together to correct such behavior. A student's conduct is a personal matter of self-discipline that demonstrates respect for authority and concern for the rights of others. All students are expected to know school rules that relate to conduct and discipline because inappropriate behavior disrupts the opportunity to learn.

Disciplinary Principles

Four principles govern all rules at all District 200 schools:

1. Education is enhanced when student conduct is appropriate. Conduct that is disruptive to the educational process prohibits learning.
2. Educational opportunity is a right enjoyed by all students. Conduct that infringes the rights of others is prohibited.
3. School rules apply to all students while on school or District 200 property, and/or attendance/participation at any school or District 200 sponsored activity.
4. Students will be afforded individual attention in a positive manner, including the proper steps of due process of law, as well as the procedure for appealing such actions to other school/district officials.

Application of Disciplinary Code

Grounds for disciplinary action apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to conduct occurring:

1. On school grounds or commencing on school grounds but occurring off school grounds, before, during, or after school hours or at any other time the student is participating in or attending a school related activity;
2. Traveling to or from school or a school activity, function or event in school provided and/or school authorized transportation;
3. Anywhere, if the conduct may reasonably be considered to be a threat or an attempted intimidation of a staff member, hazing of a student, or an interference with school purposes or an educational function.

Prohibited Student Conduct

Disciplinary action may be taken against any student who has engaged in gross disobedience or misconduct, including, but not limited to, the following:

1. Using, possessing, distributing, purchasing, or selling nicotine products and including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, selling, or offering for sale, alcoholic beverages. Students who are under the influence are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.

4. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
5. Possession or use of any prescription drug when not prescribed for the student by a licensed physician or when used in a manner not consistent with the prescription or prescribing physician's instructions.
6. Possession or use of any inhalant, regardless of whether it contains an illegal drug or controlled substance: a) that a student believes is, or represents to be capable of causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause

School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

A school official may be required by Board policy or may deem it necessary to release information gained in the search of a student or his/her possessions to law enforcement authorities. In such cases the school official shall make every attempt to notify parents/guardians in advance of police notification. A search of one's person is generally restricted to unrolling cuffs and sleeves, emptying pockets, purses, and backpacks, and removing coats or jackets, sweaters worn as outer garments, hats, shoes, and socks. Parents/guardians shall be notified in advance if a more detailed search of a student is required. Random searches of campus and property on the campus may be conducted in conjunction with police officials. This includes the use of canine units to search lockers and vehicles on the premises.

Sexual Harassment Policy

It is the policy of Community Unit School District 200 that sexual harassment will not be tolerated.

Transfer Students

Students who transfer to the District currently on suspension or expulsion from another school may not be admitted to the District until that the period of suspension or expulsion is completed. Where the duration of the transferring student's suspension or expulsion is not indicated, the Superintendent will recommend, and the Board of Education will determine, the duration of the suspension or expulsion.

Sexual harassment is illegal under the Illinois Human Rights Act, Illinois School Code, Title VII of the Civil Rights Act of 1964 and Title IX and will not be tolerated. Students who engage in sexual harassment on school premises or off school premises at a school-sponsored activity will be subject to appropriate discipline that may include suspension or expulsion for gross insubordination. Sexual harassment is any activity of a sexual nature that is unwanted or unwelcome, including but not limited to unwanted touching, verbal comments of a sexual nature, and/or pressure to engage in sexual activity. Should the harassed person feel that the situation cannot be resolved on a personal level, he/she is directed to *immediately* seek the help of an adult whom he or she trusts, such as a teacher, counselor, social worker, parent or guardian, or a building administrator. The school's normal disciplinary procedures will be followed in determining the appropriate consequence for the sexual harassment. In the event the administration recommends suspension or expulsion as a result of the conduct, due process will be afforded to the student in accordance with the district's suspension/expulsion procedures.

All school-level policies/procedures regarding sexual harassment are governed in detail by School Board Policy and are available in the Principal's Office and Superintendent's Office at 130 W. Park, Wheaton.

Special Education Student Discipline

Students who are eligible for special education services (have IEPs) or who have Section 504 Accommodation Plans are generally expected to comply with this Discipline Code but may also be subject to unique consideration of disciplinary action based on their disability and the relationship of that disability to the infraction. These actions are governed by the Illinois School Code, the Illinois Administrative Regulations for Special Education, and federal legislation and regulations pertaining to the Individuals with Disabilities Education.

Parents may request a review of their child's expulsion from a transferring school only where the prior expulsion was issued by a private school and was for reasons other than the student's misconduct or disciplinary record. The request for such a review must be made to the Superintendent who may recommend to the Board of Education that the student be enrolled before the expiration of the expulsion.
