

Activity

Measuring things

Help your child measure things and write down the measurements. For example:

- Your child's height, hands and feet.
- Your child's favorite toys.
- Your child's favorite book.
- Your child's cup and dish.

You can measure with a tape measure, stacking blocks, or using your hands or feet.

Hints

Measuring things

To help your child succeed, you can:

- Measure one or two things at a time.
- Let your child choose what to measure.
- Use a tape measure with big numbers.
- Write down the measurements yourself.

To make this activity more challenging, you can:

- Have your child try to read the tape measure him/herself.
- Have your child try to write down the measurements him/herself.
- Use words such as bigger and smaller (Your feet are bigger than your hands).
- Talk about how a number is different from a letter.
