Rationale: This is modeled after other area high schools. The structure allows for longer assessments which could include application of skills and concepts, as well as more comprehensive assessment of content from throughout the semester. It is two days shorter than our previous final exam schedule (pushing exams to 3 days and removing a full day for make-up exams but still providing a make-up exam session), allowing for more instructional days within the semester. Lunch periods have been strategically placed at the end of each final exam day.
