

### Spring Testing

Please add these upcoming testing dates to your family calendar. We appreciate your partnership in encouraging students to try their best while also managing any nerves they may have about testing. Maintaining this healthy balance is a priority for us at North.

*New this year* - Due to changes in state testing requirements, students who miss their assigned PSAT or SAT test on April 9 will be required to participate in make-up testing. This means that Freshmen, Sophomores and Juniors who are absent on 4/9 will miss class on a future day to take their required test. We would like to have as many of our Freshmen, Sophomores and Juniors present on the original designated testing day (April 9) to avoid them missing classes.
