

Welcome!

Hello! My name is Kim Grimes and I'm excited to be the Occupational Therapist who will be working in Miss Maria's morning class this year. I will primarily be working with students in her classroom room on Fridays.

Occupational therapists are part of the preschool team at Jefferson Early Childhood Center. We primarily work in the classroom with students receiving special education services. However, I am also involved in monitoring and working with all students and staff in the classroom to emphasize age expected fine motor and visual motor skills. In the preschool population, this includes proper use of classroom manipulatives and tools as well as the development of pre-writing and cutting skills. I may lead several classroom activities over the course of the school year to encourage development of these foundation skills. Please feel free to refer to OT Corner link on Miss Maria's classroom website for a variety of information and helpful links for fine motor and sensory motor development.

If at any time throughout the year you have any questions or concerns, please do not hesitate to contact me. My email address is kimberly.grimes@cusd200.org or you can always call me and have ask for me through the Jefferson office. I look forward to an exciting school year!

Thank You,

Kim Grimes, MS OTR/L
